Dearest Love Heart: —

Expected two letters to-day but so far have only rec'd the one you wrote Tuesday night. Do hope I get the Wednesday night letter to-day, also.

Am running up to the house to-day. For a wonder the weather is half-way decent. Rained the morning but just now, the sun is out.

I can readily realize how letters times you do get for yourself, but have it is best so. Don't worry over the length of your letters to me. Simply write regularly, & write as much as you can. You know the trigger the comes the letter I like them. Soon, dear I hope, we won't have to worry about

letters, we will be with each other and only hope
God gives us both health and happiness.

Dear, I am terribly worried about your tummy.
Why don't you see Dr. Lugar, or if you still feel angry
with him, see some other doctor. Why suffer so? It is
essential that you eat, and dear you must see to
it, that your stomach gets into shape. If, last, there
is no improvement now, are those cascara tablets
fit, of course let me know whether you are doing as
I told you —— Then get some rhubarb & soda
mint. from Weinstein — the is not the better stuff
I gave you as it will not have the cascara in it,
and take a teaspoonful after each meal, and
at night take a cascara pill. This might to
fix you up splendidly and quickly. Let me know
if you are doing anything at all, simply waiting
for it to pass away itself. If it still continues take
a good purge. Citrate of mag. or Epsom Salts, hear?

Am sure happy Solomon is helping you
out so. Believe me, he sure is alright. Things are
looking pretty rosy for this month, eh? Am happy.

Dear heart, I think I know how much
you love me. I am only longing to be with
you. It is something terrible to be separated
from you and all I can say, dear is never, never
again. For that reason, when anyone asks me
when I shall be in N.Y. again, I tell them,
that all depends on when you & I can come
up to-gether. I wished, dear, like for both of
us to come North next summer, that will be

a year, wouldn't you? For my mother's sake, I will want to come up as often as we can, as it is terrible to be so far, for all time, from your mother. That, of course, will all depend on how Providence deals with us, as to how often we can come & visit.

Well, honey love, I shall have to close this to an end. Friday is the usually rush day for me, as I want to get out as quickly as possible. So dear, I am sending you a big fat kiss, millions of hugs and all my love.

Everlovingly

Frances

Now take care of yourself, honey dear and let me know just how you are feeling. I am feeling alright, it has left me!

Excellent! Just received the letter to Evelyn & the letter I wrote to you. Also the four I got yesterday. And a letter from Ethel. Yes, I got your 2nd letter, which I have not
